ATOMIC WORLD BIGGEST NEWS

So Says Gould, AP Editor, As Service Observes Its Centenary

(By Associated Press)

NEW YORK, May 24 — Alan J. Gould, Associated Press executive editor, said yesterday that perhaps the biggest news story in 100 years "is what is taking place in the world today."

He made the statement on a special NBC broadcast dramatizing the 10 biggest news stories of the past century as selected by AP editors. The program was in observance of the AP's centenary.

The 10 stories picked for dramatization were the gold rush and America's expansion westward, the war between the states, the Franco-German war, the Spanish-American war, the Russian revolution, the world war, the abolition of Edward VIII, World War II, Franklin D. Roosevelt and his era, and atomic energy.

"The eleventh story—perhaps the biggest of them all," said Gould "is what is taking place in the world today."

"It is the job of the Associated Press to cover this story for more than 3,000 newspapers and radio stations who make up our cooperative, non-profit membership."

"But in the final analysis, we're covering this story for you, the public. Because what happens in the world today may affect your life tomorrow."

"To do this job, the Associated Press today has thousands of employees—trained, skilled men and women—in all parts of the world where there is freedom of access to news."

"These men and women are proud of the 100 years of tradition of which they are a part. They intend to keep this tradition alive, and they are determined to keep it shining bright. Together, all of us who represent the AP go forward under one standard:

"In this land of fought-for freedom, the Associated Press knows but one master—truth in the news."

Senator George Calls For One Term President; Taft Men Try New Approach

(By Associated Press)

WASHINGTON, May 24—Senator George (D-Ga.) said today the voters ought to elect in November "a strong, one-term President who can set this country on the right course."

George, who has been mentioned as Georgia's favorite son candidate in the Dixie civil rights battle against President Truman's nomination, told a reporter he doesn't think Truman "is the answer to the country's prayer for leadership."

"We need a strong, one-term President who will forget politics and bring expenditures down to the point where we won't go bankrupt," the Georgia senator declared.

"Unless we change the trend we are in now," George said, "we are heading for expenditures that may reach 48 or 50 billion dollars in calendar year 1949. We are heading for a deficit and increased taxes and I don't think the country can stand it."

The Georgia senator indicated he may not go along with one proposed Southern move to put the name of Gov. Dwight D. Eisenhower before the Democratic convention.

Truman Will Lack About 74 of Majority

(By United Press)

WASHINGTON, May 24 — President Truman apparently will go into the Democratic national convention in July without enough formally pledged delegates to assure his nomination.

His additional votes will have to come from the unpledged and uncommitted Democrats who will make up a large part of the convention membership. Despite this shortage of pledges, the consensus here is that Truman is in the race to stay and will be nominated to head the Democratic ticket this year.

But the convention delegate set-up is such as to invite an effort to get the name of General Dwight D. Eisenhower before the convention in an effort to stampede the Democrats. A few southern Democrats still are looking hopefully toward Ike despite his public statements that he doesn't want any part of politics.

2 Deer Killed by Autos. Three Fishermen Fined

County Game Warden Lon Boring reported the death of two deer late Saturday night on county highways.

Gerald Miller of R. D. 3, Lisbon, said his car hit a buck on Route 62, near Damascus, around midnight Saturday.

A Minerva driver hit another deer two miles west of Lisbon on Route 30 between midnight Saturday and 1 a. m. Sunday.

Both cars were damaged. The deer were taken to the county home by Boring.

Drunk Driver Fined \$100, Costs By Mayor

Paul K. Downie, 32, of Cleveland, was fined \$100 and costs by Mayor R. R. Johnson on a charge of driving while intoxicated when arrested Saturday morning. He was arrested at 2:10 a. m. today at the corner of E. State and Elmwood ave.

Mayor Johnson also fined Michael Thomas, Jr., 36, of 608 Aetna st. \$15 and costs this morning on a reckless operation charge. He was arrested at 2:40 a. m. today on S. Broadway.

BRITISH DEFY RUSSIANS IN BERLIN MOVE

Install Liaison Officers At Berlin Police Headquarters

BERLIN, May 24 — The British control commission installed a liaison officer today in the Communist-controlled central police headquarters of Berlin, over the protests of the Soviet military administration.

All three western powers had served notice last week they intended to assign such officers, despite Russian claims it was illegal and meant interference by the Western Allies in German police operations.

U. S. occupation authorities intend to set up a similar office in the headquarters of the uniformed police and the French in the criminal police headquarters. All three buildings are in the Soviet sector of Berlin.

CIO-CHRYSLER PARLEY SET

Michigan's Governor Enters Picture; Announces Talk

(By Associated Press)

DETROIT, May 24—Gov. Kim Sigler stepped into the Chrysler Corp. strike today and brought both sides back to the bargaining table.

The governor capped dramatic night-long session by telling newspapermen the CIO-United Auto Workers and Chrysler had agreed to sit down Wednesday and try to settle the 13-day-old walkout.

They will meet in the governor's Detroit headquarters, Sigler said. The time is 2 p. m. Wednesday.

If the meeting comes off as planned, it will be the first together since May 11, the day before the 75,000 Chrysler production workers hit the picket line.

The UAW-CIO has asked a 30-cent hourly wage increase. Chrysler at one time offered six cents but this was rejected. The union later reduced its demand to 17 cents but reverted to 30 cents when the strike was called.

Sigler moved quietly and fast. He came into Detroit Sunday. He immediately got in touch with top UAW-CIO officials. Earl Mazey, acting president of the big union, went to his (Book Cadillac) hotel suite.

With him went Norman Matthews, who has headed the union's fight against Chrysler.

Sigler talked to them. Then he conferred with Robert Conder, Chrysler's director of labor relations, and his assistant, John Leary.

Then the governor brought the four men together.

Sigler said neither state nor federal mediators would have a part in the conference. He won't even be there himself, he added.

"It will be strictly a company and union affair," he explained.

Sigler's press conference came as the UAW-CIO girded for a possible strike against General Motors Corp.

Youngster Pulls Trigger, Kills Boy

YOUNGWOOD, Pa., May 24—Richard Russell Henry, 12, died en route to a hospital after ordering his nine-year-old sister to pull the trigger of a rifle the boy was holding against his stomach, County Detective Edward Gordon said.

District Attorney John O'Connell said he doubted any charges will be placed against the sister, Joanne, as a result of the boy's death Saturday.

Gordon said the shooting occurred in a bedroom of the children's grandparents' home where Joanne and another sister, Nancy, 10, had been playing with a doll. The detective gave this version:

Richard was "sulking" after returning from a shopping trip because his grandmother had failed to buy him a wallet after purchasing a doll for the two girls.

The boy obtained a .22 caliber rifle from his grandfather's room, loaded the weapon and, pointing it against his stomach, ordered Joanne:

"Pull the trigger or I'll kill you."

Joanne told detectives she was afraid "not to do what he told me" and pulled the trigger. Richard slumped to the floor.

Gordon said the children's parents have been estranged for some time.

WEST TWP. HONORS ITS WAR HEROES

West township in Columbiana county honored its 10 World War II casualties at a service Sunday on the lawn of the East Rochester Methodist church, where a marble shaft memorial, inscribed with their names, was unveiled.

The Veterans of Foreign Wars and the American Legion posts from Minerva and Lisbon conducted the services, with Rev. G. E. Shaflant of the East Rochester Methodist church giving the dedication address.

The program included music by the Minerva High school band and the Lisbon American Legion quartet.

H. Hartman was chairman of the day.

Automobile Is Stolen From Residence Garage

A 1940 light tan Chevrolet belonging to Irene Parana of R. D. 4, Salem, was stolen from her garage at the corner of the Lisbon and Edison roads sometime between 10 p. m. Sunday and 6:40 a. m. today, it was reported.

Texans Bring G. I. Back To Texas To Switch "Hate"

(By Associated Press)

WICHITA FALLS, Tex., May 24—Ray F. (Texas-Hater) Halloran took another look today at the part of Texas he hated most when he was a soldier.

Halloran admits that memories of Wichita Falls in general and nearby Sheppard field in particular inspired the letter that won him a free trip from Cincinnati, Ohio, as the veteran with the worst opinion of Texas.

But his hate is becoming more past tense all the time. And when he arrived here after two days of entertainment in Fort Worth, Halloran said he was ready to shorten his nickname from "Texas-Hater" to plain "Tex."

To help this mental switch along, a flock of Hardin college coeds was lined up to serve Halloran breakfast in bed this morning. His old barracks at Sheppard field bore a sign reading "Halloran slept here." Clive Johnson estimates 500 berry pickers will be needed at the height of the season. Those interested are asked to sign up at the O.S.E.S. office. They will be notified later when to report. A standard rate of pay has been set by the growers.

Fail To Reply To Cease Fire Demand Before Noon Today

LAKE SUCCESS, May 24—Faris El Khoury of Syria said today the Arabs would ask the United Nations for a 36-hour extension of the Security Council's Palestine cease-fire appeal.

El Khoury disclosed the Arabs plans shortly after the noon (EST) deadline for the truce passed without any acceptance or rejection from the Arab countries.

He said he had received instructions a few minutes after the deadline to ask for more time.

PLAN 5 TALKS ON U. S. TRIP

President Truman to Give Five Major Addresses On Coming Tour

WASHINGTON, May 24 — The White House announced today President Truman will make five major speeches on his cross-country train trip in June.

The major speeches will be at Chicago, Omaha, Seattle, Berkeley, Calif., and Los Angeles. Truman also plans many extemporaneous talks, mostly from the platform of the special train.

The President will leave Washington the night of June 3. He will speak at Chicago at 9 p. m. in the Chicago stadium, June 4.

This and other major speeches will be from prepared manuscripts. All will run from 15 to 20 minutes.

The Chicago speech will be at the opening of the observance of the 100th anniversary of Swedish immigration into the midwest.

White House officials indicated it likely will deal at least in part with the problem of displaced persons.

The other major addresses:

June 5, Omaha, Neb., before the 35th division reunion, 9 p. m.

June 10, Seattle, probably in Victory square, under auspices of Washington State Press club, 1 p. m.

This will deal with reclamation, conservation and public power.

June 12, Berkeley, Calif., at Commencement exercises at University of California, 2:30 p. m. This address may be on foreign policy.

June 14, at Los Angeles, under auspices greater Los Angeles Press club, at Ambassador hotel at 1:15 p. m.

Enroute to Chicago, the President will make brief platform speeches at Fort Wayne, Ind., where he is due at 1:20 p. m. June 4, and at Gary, Ind., where he is due at 2:45 p. m. the same day.

DAYTON KILLINGS SHOCK AUTHORITIES

DAYTON, May 24—The smell of smoke and violent death hung today over the residence of William A. Stump, 37, whose body and those of his slain wife and two sons were found yesterday.

Coroner A. P. McDonald said preliminary investigation showed Stump beat his wife and boys—Harry 12 and Dale 16—to death with a baseball bat in their home in nearby Butler township.

Stump sprinkled the house with fuel oil before setting it afire, then killed himself with a shotgun, the coroner added.

The bodies of Mrs. Stump and the boys were found in their beds. Stump was slumped in a chair in his wife's bedroom, a shotgun nearby, McDonald said. A can partially filled with fuel oil was near the gun.

A Dayton psychiatrist, Dr. Howard Campbell, said he had recommended Stump be committed to an asylum "five or six times" but each time Mrs. Stump refused to sign the papers after they were drafted, McDonald reported.

The coroner said the neighbors told him Stump was so jealous of his wife that he would sprinkle fuel oil on his porch before leaving for his nightshift job and then inspect the oil slick for footprints when he returned. Neighbors said Stump's suspicious were groundless, Clift added.

Harry and Mrs. Stump apparently were slain as they slept. Dale's arms were badly bruised, indicating he attempted to ward off the attack, McDonald said.

James Rust, a Dayton News truck driver, discovered the tragedy when he left Sunday morning papers for this boy's carrier route.

ASK BERRY PICKERS SIGN WITH O. S. E. S.

Berry picking season is just around the corner and the Salem office of the Ohio State Employment Service is starting to sign up women and children who want to earn a little extra spending money.

Strawberries will be ready for harvesting by the middle of June and raspberries later. Office Manager A. S. Johnston said today. The local Columbiana-Mahoning county farm area is one of the biggest berry producers in Ohio.

Johnston estimates 500 berry pickers will be needed at the height of the season. Those interested are asked to sign up at the O.S.E.S. office. They will be notified later when to report. A standard rate of pay has been set by the growers.

Dewey By a Mustache

Governor Dewey didn't win by much in the Oregon primary. But the important thing is that he won at all. He was in the kind of a race that can break a candidate's heart.

When it began he was the favorite. But Harold Stassen immediately took the rail and held the lead consistently until a few days before the finish. Then Dewey passed him, winning by a mustache.

To hold the metaphor, Dewey had to win in the stretch, running against one of the toughest competitors in the business. No one denies that Stassen is a hard man to beat. Wherever he competes he makes a race of it.

In Oregon he made Dewey run faster than he ran even in 1944 when he was the Republican presidential candidate. If observers on the scene haven't been spoofing, he made Dewey run so fast that he Republican national convention will look at him with new respect; no one knew he had that much campaigning ability in him.

Oregon was the last chance before the conventions for voters to participate in the sport of president-making. The decision now rests in the hands of politicians. The Republicans have so many able possibilities for the nomination they don't know what to do. The Democrats have only one—and they don't know what to do either.

A Military Fact of Life

The President's signature on the three-billion-dollar-plus air force expansion law closes the issue. The United States will not let the Soviet union win the armaments race by default. But in making such a decision the United States will come up against one of the military facts of life.

It will build up its own air fleet at great cost and then will have to junk the result, or take the risk of possessing airplanes that are out of date.

That was Germany's downfall in the battle of Britain. The newest types of British planes were too tough for the German planes already on hand. It was Japan's downfall in the battle of the Pacific. The planes it had on hand were no match for the new planes built by the United States after the potentialities of the Japanese air arm had been revealed. It was France's downfall; the French army, supposedly the best in the world, was out of date when the time came for it to save France—and France couldn't afford a new one.

It isn't accidental that armies customarily get ready to fight the next war with the obsolete weapons of the last one. It's the inevitable result of doing what the United States now is going to do with its air force—build it up to fighting strength in terms of existing models of airplanes. The trouble is that all existing models of airplanes already are obsolete.

Point of Principle

Senator Taft has been making it plain in his remarks about militarism that he is one of the first to reach a conclusion about a rising issue in national affairs.

It is the issue of civilian vs. military dominance. Senator Taft is opposed to military dominance for the same reason that he is opposed to dominance by federal authority of any other kind. He distrusts government by edict and regulation. Free enterprise is a point of principle that cannot be compromised, in his view.

Militarism is a present danger in the United States. It must not be confused with adequate national defense, which is another matter. Militarism is more frequently an evidence of weakness than of strength. It is that condition of society in which it seems natural for the military mind to dominate all decisions, a sure sign of impending disaster. The military mind has nothing to offer but militarism, which is fatal.

Senator Taft has sensed the dagger of militarism in the United States. He is making an issue of it. It's safe to bet that he will make a major issue of it if he sees a growing danger to civilian initiative and security. The United States wants adequate defense—but adequate defense does not mean military domination of the nation. That would be the least adequate defense the United States could have.

Harvest

The first wheat of the 1948 crop has been harvested in Bell county, Texas. One of the heaviest grain crops on record is in sight.

Farther north the harvest season is less advanced. It has produced only rutabars, onions, asparagus, radishes and dandelion greens. But homegrown strawberries are looming really only 10 days away. A bumper fruit crop is assured by better luck with late frost than growers expected.

Prospects are good everywhere. It will be a year of abundance—another year of abundance. If there are no untoward events in South America, Europe, Asia and Australia, the world's chronic food deficit may be reduced substantially for the first time since the war years when the precarious balance of the world's food supply was precariously balanced.

The United States, which has been courting disaster by overworking its land and stripping itself of reserves, will be able to go back to a more conservative policy. It will be able to get something out of a year of abundance besides the duty to court disaster by sending all its surplus to other parts of the world. It even may be able, if it can muster enough wisdom, to enable its own citizens to feed themselves at prices they can afford.

The Stars Say

For Tuesday, May 25
By GENEVIEVE KEMBLE

UNDER the impetus of highly energized forces and faculties, although rich with promise for wise action, an excess or over-strenuous grasp of expansive openings would overlook the bounds of reason. While opportunities are seen for forging ahead on ambitious plans and projects, yet any exaggerated ideas or prodigality could be the means of defeat and loss. Consider carefully all contracts, expenditures and agreements.

Those whose birthday it is have excellent prospects for a particularly productive and progressive year, with projects and objectives of more than passing importance in line for support from those in power and large influence, possibly in public relations. Yet a tendency to rash, impetuous and exaggerated attempt to force the issues, could undermine the best-laid plans and ambitions. Misfortune through contracts could follow carelessness.

A child born on this day, although clever, progressive and influential, also may defeat its best opportunities by overacting, carelessness or impetuosity.

ONE MAN'S OPINION

BY WALTER KIERNAN
Hollywood has bought the screen rights to "Nature Boy" . . . they have a fellow in mind for the lead but he's campaigning right now.

But I don't think it's right for the band to play "The Man On The Carousel" when he enters the hall.

Incidentally some movie houses are featuring a new kind of double bill . . . "Iron Curtain" on the screen and "Mission From Moscow" on the sidewalk.

Four Russian composers have been put in a difficult position . . . they don't seem to like the idea of Zaneck appreciating their music more than Stalin.

The picture might even win Oscars for them but that would be more trouble . . . a bust in the mail from Hollywood could lead to a bust in the nose from Moscow.

But we still have democracy here . . . a choice of tickets or pickets.

It's funny how some people would rather spend weeks raising one radish than spend a dime for a whole bunch.

Study of High Blood Pressure

By HERMAN N. BUNDESEN, M.D.
There are at least 50 different causes of pain in the lower part of the back, maybe more. Thus, the patient who goes to the doctor complaining of backache cannot expect a quick and definite answer as to the cause of his trouble.

It is reassuring to know, however, that in about 90 out of 100 patients the condition causing the backache is not serious. In the other 10 per cent the backache may be a sign of some major ailment and the condition should be carefully studied.

Common Causes
Among the more common causes of backache are inflammation of the muscles of the lower part of the back or of certain of the joints of the spine. It may also be produced by sacroiliac strain. The sacroiliac joint is located between the lower part of the spine and the hip bones.

Many cases of backache are not due to trouble with the back or spine itself but to disorders within the abdomen. Kidney disorders are sometimes responsible for back pain, but not at often as many people think. Inflammation of the tubes or ovaries in women, on the other hand, are more often responsible for backache than is generally realized.

Heat and Massage
In cases of inflammation of the tissues, rest and the application of heat and massage may be all that are required. Sometimes a special brace may be needed to give support to the muscles of the back.

Occasionally the backache may be due to a disorder of the feet. This is not unusual, since foot strain will also lead to some strain on the back.

Repeated Backache
People who have repeated backache or backache which lasts for a long time should, of course, consult a physician for thorough study. X-rays of the spine sometimes help to disclose the location of the trouble.

Remember, however, that it is not always easy to find the cause. It may require several weeks of examination on the part of the physician before he can put his finger on the responsible disorder, but once it is found, in most instances, the trouble can be completely relieved.

QUESTIONS AND ANSWERS
Q. W. Can undulant fever be cured? How long does it take?

A. Answer: Recently, good results have been obtained in the treatment of undulant fever by the combined use of streptomycin and the sulfonamide drugs. Cures have been reported with this treatment.

Just how long it will take to produce a cure cannot be stated.

J. L. B.: Could gallbladder disease cause aching in my back and shoulder?

A. Answer: Gallbladder disease produces pain in these areas. A thorough study including an X-ray of the gallbladder would be advisable.

Letters to Dr. Bundesen should be addressed in care of 235 E. 43rd St., New York City.

Evelyn Schmidt Wedded To Dr. Paul Ringsmith

Rev. David E. Moynaux heard the exchange of vows in the double ring ceremony when Miss Evelyn Phyllis Schmidt, daughter of Mr. and Mrs. Philip Schmidt of Aetna st., was married to Dr. Paul P. Ringsmith, son of Mr. and Mrs. Oliver Ringsmith of Warren, at 11 a. m. Saturday in the bride's home.

Banked with tall ferns and large bouquets of white fever few and larkspur the fireplace in the living room made a charming setting for the service. On the top of the mantel were bouquets of pink larkspur and white fever few and around the edge pots of ivy were used effectively. The glow from small crystal lamps on either end lighted the scene.

The bride's distinctive white crepe street length dress was designed with a round neckline, short sleeves and a bustle back skirt. She complemented her costume with a white orchid corsage and a white lacy open crown straw hat trimmed with a white ribbon bow and a short tulle veil.

As maid of honor, Miss Eleanor McConnell of Parma, a classmate, was in an aqua print and used a corsage of red roses. Robert Ringsmith of Cleveland was his brother's best man. Mrs. Schmidt was attended in a pale blue print and Mrs. Ringsmith wore a royal blue outfit. Both wore corsages of pink roses.

Dinner Is Served
A wedding dinner for the families was served at Wee Farm. A miniature bride and groom ornament topped the three-tiered wedding cake and pink and white flowers and white candles made the table attractive.

Among the guests were Mrs. Anna Jarius, grandmother of the bride, and Miss Ann Seybold, a cousin, both of Elizabeth, N. J.

An open house reception was held Saturday afternoon. The refreshment table was laid with a lace cloth and decorated with flowers and candles. Mr. and Mrs. Robert Berger of Alliance were in the company.

Mrs. Ringsmith is a graduate of Salem High school and has completed two years of her nurses training at Cleveland City hospital. Dr. Ringsmith graduated from Warren Harding High school, Warren, Oberlin college, and Western Reserve university school of medicine, Cleveland, with cum laude. After completing his internship at Cleveland City hospital in June he will be resident physician at Trumbull Memorial hospital, Warren.

For traveling the bride wore a dusty rose suit with grey accessories. The bride will continue her training and after her graduation the couple will reside in Warren.

Dorothy Krauss to Wed - David C. Carey

Custom of open church will be observed for the marriage of Miss Dorothy May Krauss, daughter of Mr. and Mrs. Samuel Krauss of Euclid st., and David Campbell Carey, son of Mr. and Mrs. Donald Carey of Warren, formerly of Salem, at 4:30 p. m. Sunday, June 13, in the Emmanuel Lutheran church. The reception immediately after the ceremony will be in the church social room.

Laami Club Entertained At Kures Home

Members of the Laami club met recently at the home of Miss Anne Kures, Cherry st. Mrs. Joseph Weiss, a guest, was presented a gift. Miss Marge Kovach received a prize. Lunch was served by the hostess. The June 3 meeting will be at the Kovach home, Aetna st.

Couple Wed In Ceremony At Church

Attired in a beautiful white satin gown, Miss Betty Rayniak, daughter of Mr. and Mrs. Daniel Rayniak of Prospect st., became the bride of Edward H. Mickunas, son of Mr. and Mrs. John Mickunas of Philadelphia at 10 a. m. Saturday in St. Paul's Catholic church rectory, with Rev. Fr. J. Richard Gaffney, pastor, officiating in the double ring service. Parents of the couple and Mrs. Gertrude Wolf of Philadelphia witnessed the nuptials.

The bride's gown was styled with a fitted bodice, net yoke, round neckline, long sleeves pointed at the wrist, and a full skirt train. Her illusion veil fell from a tiara ornate with seed pearls and rhinestones. She carried a shower bouquet of white roses centered with an orchid corsage.

Mrs. John T. Mickunas, sister of the bride, was matron of honor. She appeared in an attractive pink tulle gown and carried a mixed bouquet of spring flowers.

William Sossak was best man. Mrs. Rayniak wore a two-piece rose crepe dress, while the groom's mother chose a blue floral print. Both wore gardenia corsages.

Breakfast; Reception Follow
A wedding breakfast for the bride and groom was served at the bride's home.

Approximately 50 guests attended a reception for the couple Saturday afternoon at the Rayniak home. A buffet lunch was served from a table graced by a three-tiered wedding cake topped with a miniature bride and groom. Flowers completed the decorations.

Guests were from Salem, Barberton, Philadelphia and Akron. The bride, who graduated from Salem High school, is employed as cashier at the Alfani grocery store. A World war veteran with three years service in the navy, Mr. Mickunas is an employee of the E. W. Bliss Co.

For traveling the bride wore a black suit, used white accessories, and augmented it with an orchid corsage. Upon their return the couple will reside on S. Ellsworth ave.

Mrs. Knoedler Hostess To Double Four Club

Triplets Flabbergast Father of 35 Children

NEW YORK, May 24 — Thirty-five children from four wives! The father—68 years old—was so flabbergasted yesterday when his 34-year-old wife gave birth to triplets that he hopped onto a neighborhood child's bicycle and fled from newsmen.

French-born Anthony Dupre, former circus trapeze performer and now a hotel kitchen woker, is the man.

The father claims this record: Four sets of twins from the first wife—23 children from the second and third—and one from the fourth wife before yesterday's triple play.

Lippy Leo's Seat On Pan Today As Brooklyn Slumps

By JOE REICHLER
Associated Press Sports Writer

The managerial "hot seat" was blazing today under Leo Durocher of the Brooklyn Dodgers and Joe McCarthy of the Boston Red Sox.

Durocher's Dodgers struck rock bottom yesterday with a resounding crash that could be heard all around Brooklyn from Coney Island to the Gowanus canal. They not only lost their eighth straight when they bowed to Cincinnati's Reds 6-5, but sank into the National League's cellar.

McCarthy's Red Sox were only a shade better off. A stunning double defeat dealt them by the tail-end Chicago White Sox dropped them into seventh place, only four lengths out of the American league's basement.

What makes the present plight of Durocher and McCarthy most unenviable is the fact that both found themselves on the spot at the outset of the campaign. Durocher, after a year's absence at the special request of Commissioner A. B. Chandler, took over a team which had won the National League pennant in 1947. He was figured to finish no worse than second.

Even more was expected from McCarthy, who had come out of retirement to direct the Red Sox. A mid-winter spending spree by owner Tom Yawkey which brought such established stars as Vern Stephens, Stan Spence, Jack Kramer and Ellis Kinder to Boston, caused the experts to make the Red Sox pre-season favorites.

Joe Hatten of Brooklyn couldn't hold onto a 5-0 lead yesterday as the Cincinnati Reds stormed from behind to take the California south-paw, and went on to hang the defeat upon Rookie Ery Palica.

Pitching couldn't be blamed for the Red Sox' double dousing yesterday as late rallies gave the White Sox two 4-3 triumphs. Bob Kennedy's ninth inning single off Earl Johnson scored Pitcher Joe Haynes with the winning run in the first game. Joe Dobson's wild pitch enabled Don Kolloway to score the winning run in the 10th inning of the second game. Haynes and Earl Harritt were the winning pitchers.

A record breaking Cleveland crowd of 78,431 saw Joe Di Maggio steal the thunder from its home town hero, Bob Feller, as the Yankees and Indians divided a double header.

Dick Fowler and Rookie Lou Briscoe pitched the Philadelphia Athletics to within a half-game of the American league leading Indians by twirling 7-3 and 8-1 victories over the Browns in St. Louis.

Virgil Trucks walked Pinch Hitter Early Wynn with the bases loaded and two out in the ninth inning to force in Gil Coan with the run that gave Walter Masterson and the Washington Senators a 1-0 triumph over the Tigers in Detroit. Washington made only four hits to six for Detroit.

The National league leading St. Louis Cardinals pounded six Philadelphia pitchers for 31 hits to win a doubleheader from the Phillies, 18-3 and 4-1. Scoring in every inning but one, the Cards collected 17

hits in setting a season scoring high in the opener.

Larry Jansen pitched a four-hitter to notch his fifth victory of the season as the New York Giants defeated the Pittsburgh Pirates, 2-1, at the Polo grounds. Despite the victory, the Giants dropped a half game to trail the Cards by three.

The Braves moved into a third place tie with Pittsburgh by downing the Chicago Cubs twice in Boston, 8-5 and 12-4.

Begin Practices For Weekend Match With Columbus Team

Members of the Salem Polo club, preparing for the season's opener next weekend, engaged in a practice game Sunday afternoon at the Ellsworth road field.

The 'A' team captained by Dr. Drown of Warren won 5-3 over the team led by Pete Votaw as a crowd of about 50 persons looked on.

Practices will be held every Tuesday and Thursday evening and the public is invited to look on. The next "scrimmage" is tomorrow.

The Salem field is reported to be in excellent shape for fast play. Plans are being completed for staging an air show between halves of the opening game Sunday with Columbus Harbor Hills. The air show is to be staged through arrangements made by Sam Keener.

Congressmen Have Time In Ball Game

WASHINGTON, May 23—If you think congressmen sometimes get confused in congress, you should see what happens to them on a baseball diamond.

Last night the Democrats beat the Republicans, 23-14, in the annual congressional game, sponsored this year by The Washington Evening Star for the benefit of needy children.

The starting pitchers were Reps. Wheeler (D-Ga.) and Corbet (D-Pa.). Both got tired, rested—and then came back when their sides got into trouble.

Wheeler, by the way, is a mighty fancy pitcher. In the five innings he worked the Republicans got only two runs.

But the 5,000 spectators picked Rep. Teague (D-Tex.) as their hero. He played second base, turned in four sparkling plays, and got a double that drove in three runs.

And he did this even though he wears a boot that covers an artificial foot—Teague lost his own on the Anzio beachhead.

Try the Classifieds—a gold mine of values for the thrifty buyer.

SALEM ATHLETICS AND JUNIORS TAKE DOUBLE-HEADER

Defeat Owens Service and VFW In Two Games at Athletics Club Park

The Salem Athletic club team won 3-2 over Owens Service nine and the Salem Juniors laced the VFW 18-12 in a double header at the Salem A. C. park Sunday.

Two runs in the last of the ninth paid off for the Athletics in a thrilling tight fray.

The second game was a slugfest with a total of 30 hits scored.

DON BLACK HAS NO. 4 SPOT ON TRIBE'S STAFF

His Show Sunday Before 78,413 Wins Place In Big Four

(By Associated Press)
CLEVELAND, May 24—Manager Lou Boudreau of the league-leading Cleveland Indians prepared the No. 4 spot on his pitching staff today for the hurler who made the top major league comeback last year — Don (No-Hit) Black.

Black was somewhat off his 1947 no-hit form yesterday, but had sufficient hurling poise to cool the bats of Joe DiMaggio and his New York Yankee mates for a vital 5-1 Tribe win in the nightcap of a doubleheader.

The twin bill attracted an all-time Lakefront stadium crowd of 78,431 paid fans.

Black succeeded after Rapid Robert Feller failed, and his return to form enabled the hard-pressed Indians to retain first place in the American league by one-half game over the Philadelphia Athletics.

The Yankees' "two guys named Joe"—DiMaggio and Page—provided the New York victory in the opener. DiMaggio accounting for all the Yankee runs with three homers and Page stopping the Indians' last-ditch rally in the ninth for a 6-5 triumph.

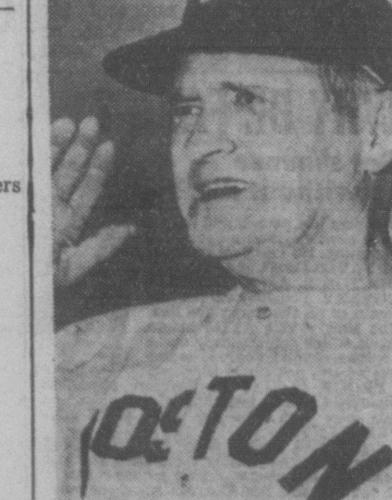

Ken Keltner opened the home run barrage in the first inning with a three-run homer, which lifted his major league-leading total to 13 and gave the Indians a 4-0 lead.

Allie Reynolds, former Cleveland hurler, then shackled the Tribe until the ninth inning while DiMaggio systematically cut down the Indians' lead and then gave the Yankees a winning margin with his booming blasts.

The Indians leaped into a 2-0 lead in the first inning of the nightcap on George McQuinn's error. Boudreau's double, a single by Robinson and a long fly by Joe Gordon. Singles by Seery, Joe Tipton and Thurman Tucker sparked a three-run rally in the seventh which clinched the verdict.

Black allowed only seven hits and one run in six innings, but needed help from ace reliever Russ Christopher when he tired in the seventh.

Still Boss

His Red Sox having taken a two-out-of-three series from the world champion Yankees, Joe McCarthy demonstrated that he still has the managerial touch that made him the winningest manager of them all, when he was Yankee pilot.

Dayton Dunbar Triumphs Over Canton McKinley As State Meet Thrills Fans

BY FRITZ HOWELL
Ohio AP Sports Editor

COLUMBUS, May 24—When Gene Cole of Lancaster High school ran that scintillating 48-second quarter-mile in Saturday's State High school track-field meet, he did more than set a national record for the event.

He also moved the Buckeye realm right out front as the state boasting the greatest number of national scholastic records.

Of the 14 track events, Ohio athletes now hold the top mark in six, California ranking second with five, and Arizona, Texas and Minnesota having one each.

Until Saturday California was the pace-setter with six, and Ohio second with five, but Cole's great effort—his first year on the cinders—erased the record set in 1915 by Sloman of San Francisco Polytechnic and tied in 1928 by Herb Moxley of Columbus Central. Sloman's record was .482.

Of the national records boasted by Ohio, half are held by the great Jesse Owens who started as a star at Cleveland, East Tech, went through an undated career at Ohio State, and climaxed his efforts in 1936 with three individual victories and a share of a relay conquest, in the Olympic at Berlin.

Jesse blazed to the national scholastic records in 1933 in the 100 and 220-yard dashes and the broad jump, with marks of 9.4 seconds, 20.7 seconds, and 24 feet 11½ inches.

Ohioans still in the books as national scholastic record holders are Linta on Mansfield, who pole vaulted 13 feet 9½ inches in 1939, and Oliver of Dayton Roosevelt, who climbed over the 220-yard low hurdles in 23.5 seconds in 1935.

Cole was the first triple winner in Class A in the state meet since Owens did it in 1933. Back in 1938 Junior Saunders of Glendale romped to victory in the low and high hurdles and the broad jump, setting minor league records which still stand in Class B.

The Lancaster lad's one-man show wheeled his school into third place in the Class A race, as Dayton Dunbar, with 22½ points, became the first Negro school in history to take the laurels. Canton McKinley, making the finest bid the Bulldogs have ever offered in the big meet, was second with 22 points, and Lancaster next with Cole's 18.

Independence won the Class B championship with Walter Klevay doing the job practically lone-handed. The speedy youth won the 100 and 220-yard dashes, and in anchoring the half-mile relay team to victory, came from last to first in his 220-yard lap.

In addition to Cole's national and state records, three other Ohio marks were eclipsed: Ronnie Parker of Mt. Healthy clipped 2.4 seconds off the mile record with a brilliant 4:29.6 performance in Class B as he triumphed by about 60 yards.

The other records were in the Class A "muscle" events. Bob Tonoff, Barborton's 237-pound all-Ohio football tackle, tossed the shot 53 feet 9½ inches to break Fremont Bob Shaw's 1940 mark by 5½ inches, and Eugene Strathman of South Euclid Brush whipped the discuss 152 feet nine inches to erase the mark of 149 feet 7½ inches set in 1939 by Stanley Baughman of Akron North.

Cole, who never wore a spiked shoe before this spring because Lancaster hasn't had a track team in 12 years, has run 39 races this spring. He won 38, and was nosed out in the other by Bob Cooper of Columbus Central, defending champion in the 440-yard run Saturday.

Cole avenged that loss by beating Cooper by a dozen yards as he set his national record.

After the meet Cole walked up to his coach, Art Francis, and said: "Thanks, coach, for all you've done for me."

And as Cole walked away, Francis said: "Just wait until that boy learns to start, and doesn't give away four or five yards to his opponents, and then you'll see real running."

Coach Larry Snyder of Ohio State gave the national champion novice some tips on starting last week. He maybe the six-foot one-inch 185-pound blond hurricane, who graduated in June, will wind up as a welcome addition to the Buckeye roster come next fall.

Wasson Killed
Thomas C. Wasson, 52-year-old U. S. Consul general, died of bullet wounds received when a sniper shot him near the American consulate.

The State department in Washington said Herbert M. Walker, U. S. Navy radioman, died last night of wounds suffered in Jerusalem Saturday, when he was caught in Arab-Jewish cross fire behind the consulate.

A third American, Thomas Gannon, veteran consulate guard, was shot in the back May 14.

In Ba'Albek, Lebanon, 69 young Jews, most of whom declared openly they wanted to fight for Israel, are fretting in a Lebanese internment camp. There are 41 Americans and three Canadians in the group.

They were interned after Lebanese authorities removed them last Wednesday from the American vessel Marine Carp, bound for Haifa, Israel.

The State department announced in Washington that Lebanon had rejected a U. S. demand for release of the 41 American citizens.

TICKETS FOR ALUMNI BANQUET AVAILABLE

Tickets for the Salem High School Alumni association dinner-dance Friday, June 4, were placed on sale today as final plans were completed for the event.

The day's activities all in the Masonic temple, will include a reunion of classes at 6 p. m., the banquet at 7 and the dance from 9:30 to 12:30. Bob Nezbeth's orchestra will play for dancing.

The tickets are available at the Farmers and First National banks, Bloombergs and the Lincoln Chase and McBan-McArtor drug stores. The graduating seniors can obtain their tickets at the high school.

*How does your house
keep that freshly
painted look?*

**DuPont No. 40 Outside White
CLEANS ITSELF!**

Your House will always look fresh and white when painted with Du Pont No. 40 Outside White House Paint. For dirt and grime don't become embedded—the rains just wash them away. The paint remains sparkling clean and new-looking!

Self-Cleaning Du Pont No. 40 Outside White House Paint is so formulated that, as time goes by, a microscopically fine white powder forms on the surface. Heavy rains wash the powder away, taking dust and dirt with it and leaving the surface clean and white again. Excessive accumulations of dirt (particularly in sooty industrial communities or in heavily shaded locations) and stains from copper screens may delay or interfere with this process. Because this "self-cleaning" is gradual, the wearing qualities of the paint film are not abnormally affected.

Self-Cleaning Du Pont No. 40 Outside White House Paint is as durable as it is beautiful. It protects against rust, rot and decay—giving lasting beauty and protection. Yet it costs no more than other good paints. Call on a reliable painter for your painting job. He'll be glad to use Du Pont House Paint. Also available in tinted colors.

Supersonic Wind Tunnel Parts Of Secret Project

LOS ANGELES, Calif. America's first large supersonic wind tunnel is rapidly nearing completion at the North American Aircraft plant here and aerophysicists credit German engineers with saving them two years of valuable research time.

The grotesque rig is specifically

designed to be used in a hush-hush guided-missile project, and when completed, will have a wind velocity of 3,400 mph. It will be used both in furtherance of the guided-missile project and for the study of sonic aircraft design, officials said.

Absent-Minded Professor Gets His Watch Back

OMAHA, Neb.—A Geiger counter may be as useful to the absent-minded professor as it is to a prospector for uranium ore.

Kenneth Morton, University of Omaha physics student, demonstrated the possibility of finding the wrist watch misplaced by John G. McMillan, assistant physics professor.

Morton, who designed and built a Geiger counter for the university, claimed it was so sensitive it would react even to the small amount of radium on the dial of a watch.

He found the watch buried under a stack of papers on the professor's desk.

New Beauty For Bungalow

From tasteless stucco bungalow to virtually a complete new home of a radically different design. That's the story of this house remodeling job.

The old porch came off and in its place went a stone-faced fireplace and wing. The stucco was covered with clapboards. The roof line was raised to a sharper angle, and the roof surface was recovered with colorful, economical asphalt shingles.

Featured by Better Homes and Gardens magazine in its "Remodeling Ideas" book, the new design makes the house harmonize with neighboring two-story dwellings. The Williamsburg fence and lamp post add a deft touch.

Will Move Air Force Command

WASHINGTON, May 24—Senator Wherry (R-Neb.) said today the Army Air forces will transfer headquarters of its strategic air command—nervous center of its long range striking force—from Andrews Field, Md., to Offutt field near Omaha.

Wherry told a reporter the transfer will be made as quickly as possible. As part of the shift, the air forces must move headquarters of the second air force from Offutt field to some other midwestern location.

The strategic air command is under Gen. George McKinney. When the transfer takes place, more than 1,000 officers and men will be stationed at Omaha.

The command at Omaha will have under it two subsidiary commands now located at Colorado Springs, Colo., and Fort Worth, Tex.

Wherry said Omaha was chosen out of some 44 cities which bid for the top strategic command.

Helicopter Bus Service Is Planned By Britain

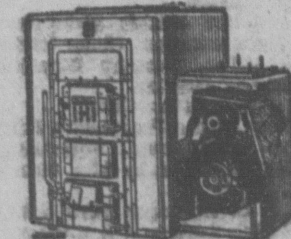

SOUTHAMPTON, England—Britain is building the world's biggest helicopter bus. It can carry 36 passengers at a time.

When this new form of public transport starts operating, Britain's business men will be able to step aboard from their downtown offices, whisk to conferences or luncheons in cities 50 and 100 miles away and be back at their desks a few hours.

Out-of-towners will find it handy for one-day metropolitan shopping trips, while farmers will ride the helicopter-bus to tour neighboring towns on market day.

Sadie Van Fossan, Lisbon Principal, Plans Retirement

LISBON, May 24—Miss Sadie Van Fossan, who has served as principal of the Lisbon High school since 1917, will retire at the close of the present school year.

Appointment of George Nace, Jr., to fill the vacancy is announced by O. C. Caldwell, president of the school board. Nace is a graduate of Lisbon high school, received his bachelor's degree from Hiram college and master of arts from Kent State university, and is taking school administration at Ohio State university, working toward a doctor of philosophy degree.

Since returning from the army he has taught in Lisbon high school, and last year coached the Junior High football team.

Miss Van Fossan began her teaching career in the Lisbon schools in the school year 1912-1913 as an instructor in mathematics and became principal in 1917. A graduate of Lisbon High, she attended Ohio Wesleyan university later transferring to Wooster college from which she obtained a bachelor's degree. Later she took her master's degree at Columbia university, majoring in school administration.

Building On Farms Should Result In 8 Percent Return

As a means of helping farmers decide whether construction of long-term farm buildings would be profitable, agricultural engineers have figured that a new building would pay back eight percent of its cost every year.

Chickens occupying a new \$800 house, for example, must pay \$64 "rent" yearly after expenses for feed, equipment, labor and other items are deducted. If the building earns this \$64, it is paying for itself. Assuming that the house accommodates 200 hens, the

annual cost is 32 cents a hen. A \$6,000 barn should pay back \$480 a year, either by boosting farm production or by saving that much expense. A properly constructed barn can pay its own keep by reducing necessary labor, providing facilities for increased production and because modern materials, such as weather-and-fire-resistant asphalt roofing, decrease maintenance cost and reduce loss by giving adequate protection to animals, farm products and equipment.

Calls Nebraska Primary Technically Illegal

NEBRASKA CITY, Neb.—J. H. Sweet, editor of the Nebraska City News-Press, says that "probably 99 per cent—perhaps all—of Nebraska's 2,024 precincts conducted illegal voting in the recent presidential primary."

"You didn't hear the 'Crier' yell, 'The Polls Are Now Open', nor did a similar voice cry out: 'The Polls Are Now Closed,'" Sweet said, "yet that's the law."

"The Nebraska statute books still carry a law requiring that a town crier announce both the opening and closing of the polls."

"A proclamation, says John Law, shall be 'orally issued' when the polls are open in the morning, and 30 minutes before they close in the evening."

"But supreme court decisions say omission is only an error and errors do not invalidate elections. It takes a plain violation of law to do that."

Icebox Of Antarctica Preserves Motors, Too

SAN FRANCISCO—The Antarctic "icebox" tends to preserve motorized equipment as well as food-stuff, according to a Navy civil engineer corps officer just returned from a second visit to Little America.

Ensign C. W. Mallory said that after 12 months of exposure to the frigid temperatures and 100-mile-an-hour winds of Little America, a Navy jeep and several other types of motorized equipment showed no signs of rust or appreciable damage and were started without difficulty.

Dug out of a 10-ft. snowdrift, a snow tractor was started up on the fuel, lubrication and storage battery which had remained in it a year.

Wife Wants Chinchilla So He Raises Several

TEMPLE CITY, Calif.—When his wife remarked in 1946 that she'd like a chinchilla coat, John Zook decided to raise his own.

It takes 24 of the little fellows to get enough pelts for a coat, retailing anywhere from \$47,000 to \$70,000, so Zook bought a pair at \$800 and bided his time.

Today he's got his 24 chinchillas and more on the way. Zook, employed by a Los Angeles rubber company, estimated that his flock is now worth more than \$15,000.

Nose Dive Spoils Test For Alcoholic Movie

MILWAUKEE—One "actor" was a complete flop at a movie premiere attended by Milwaukee police.

One flopped his role by falling on his nose in picking up the coin.

Bridge Commission Gives Profits to State Treasurer

COLUMBUS, May 24—The Ohio Bridge commission turned over to State Treasurer Don H. Ebright yesterday \$48,724 in surplus tolls, collected on two Ohio bridges before they became toll-free nearly two years ago.

The Sandusky Bay bridge provided \$42,444 and the Pomeroy-Mason bridge \$6,279. Commission Secretary-Treasurer Ray Palmer said the Steubenville-Wellington span, which becomes toll free Sept. 11, will provide an additional \$30,000 surplus.

Baccalaureate At Leetonia Is Held

LEETONIA, May 24—Rev. Kenneth Birney of the Methodist church preached the sermon at the seniors' baccalaureate service Sunday evening in the high school auditorium. His talk was on "The Well Rounded Life."

Rev. E. D. Payer, pastor of St. Jacob's Reformed church, Rev. T. P. Laughner of St. Paul's Lutheran church, and Rev. William J. Snyder of the Presbyterian church, also took part in the service.

Music was furnished by the High school a-cappella choir and the school orchestra.

56 Seniors

Class day exercises for 56 seniors of Leetonia High school were held in the auditorium Friday afternoon.

Following the processional by the Class of 1948, Franklin Brooks read the proclamation, Leona Bell read the class history in the absence of Inez Asher who is ill. Marjorie Kysar read the class will.

The Senior Boys quartet composed of William Jackson, James Cutshall, James Carter and Edwin Exten, favored with several selections, Twila Eyster read the class prophecy. John DeLucia, president of the Senior class presented the key of knowledge which was accepted by James Gibson, Junior president.

Members of the Class of 1948 sang the class song and Ruth Brain read the class poem, which was followed by the recessional by the Class of 1948.

Senior members were honored at the Sunday morning service at St. Paul's Lutheran church. The high school quartet sang.

Pupils In Program

John Welker presented the following piano pupils in recital at the high school music room Friday evening: Jean Cushing, Virginia Sunderman, Patricia Tullis, Frank Vespasian, Gladys Safred, Barbara Grady, Joanne Cain, Wayne Yocum, Edwin Reed, Mary Ann Theil, Kay Blackwood, Carol Vespasian, Peggy Hilliard, Shirley Mae Cook, Patty Smith.

GREENFORD

GREENFORD, May 21—Diplomas were awarded to 25 Seniors at the annual commencement exercises Thursday evening, when Rev. Eugene Beach, pastor of First Christian church, Youngstown, gave the address "Pathways To Creative Living."

Special awards were given Alice Shoff, valedictorian, Anna Kurtz, salutatorian, Donald Kuhns, Imogene West and Martha Kentzel. A medal was given to Walter Feicht having a perfect attendance his 12 years of schooling.

The Juniors and Seniors left for a boat trip today from Cleveland to Detroit.

The Home and School association held its last card party for the season Wednesday evening. Honors went to Ina Kindig, Raymond Knopp, and Mr. and Mrs. Oscar Calvin.

Plan Poppy Sale

Mrs. Oren McClun will have charge of the sale of memorial poppies here Saturday, May 29. She will be assisted by members of the girls Y-teen club of the High school. The money received is for the welfare of disabled veterans.

Proceeds from last year's sale were used entirely by the auxiliary for child welfare work in Leetonia and vicinity, county foster children and children's hospital and for rehabilitation purposes for disabled veterans in Dayton and Crile hospital.

STATE COLLEGE, Pa. — The average American family is living in a goldfish bowl instead of a house, Dr. Walter Cuto, associate professor of sociology at Penn State, contends.

Cuto said the national trend is to "minimize space by crowding several functions and several persons into one or two rooms." That, he said, results only in a "loss of respect for family members for one another and a battleground for frustrations."

The future house, Cuto believes, should have moveable walls so a person can "pull one around" whenever he feels the need for more room.

"Lettuce Box" Saves Insolvent Students

COLUMBUS—"The Lettuce Box" sprouts the long green for hard-pressed Ohio State university students.

In the entrance of Hennick's restaurant, across from the campus gates, hangs a glass-paneled frame marked "The Lettuce Box." In it are perhaps a dozen five-dollar bills, each suspended by a metal clip.

When a student finds himself temporarily "embarrassed," he informs the restaurant cashier. After identifying himself as an OSU student in good standing, he fills out what looks like a library card—name on one side, date he'll return the five-spot on the other. And with that he becomes solvent again.

A bill is taken from the case and in its place goes the card, date side out. After a maximum of five days, the student returns the money and the card goes back to the files. Should he fail to make payment as due, the card is reversed so his name is "posted" as delinquent in the case.

"The plan has been in operation for more than two months, and to date we've had no trouble with anyone defaulting on payments," says W. T. Parker, the restaurant owner and proprietor, who developed the idea. He was a student himself once and understands.

Buy Once . . . Buy Wisely . . . BUY DURO!

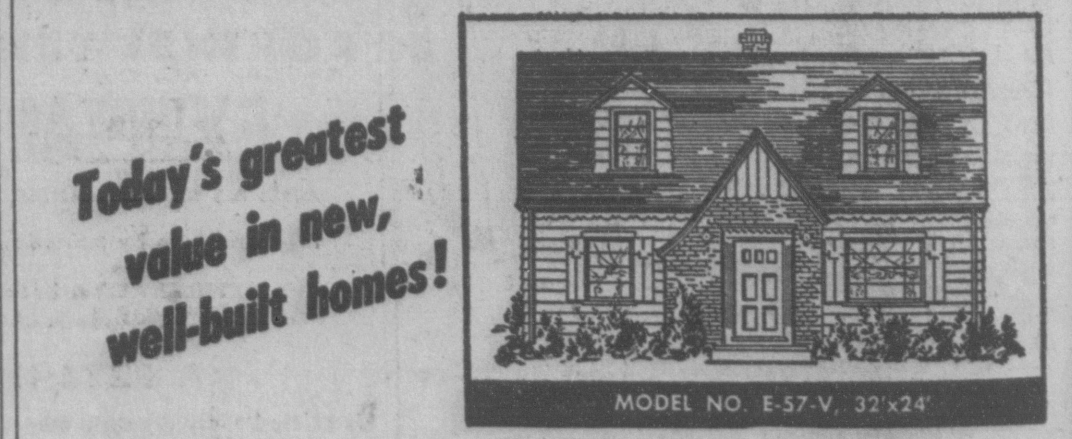

PAYS FOR ITSELF!

A DURO WATER SOFTENER OR FILTER will actually pay for itself, because the extra cost of soap, clothing, fuel and plumbing repairs cost the average family over \$100.00 each year when hard or unconditioned water is used. This means that water conditioning is as important to home comfort and economy as gas, ice or electricity.
